It all happens here!

3D Puck Special

These eye-catching 3D giant pucks attract attention from spectators, players, and parents. With regular sightings, it enhances your company's brand recognition and delivers a consistent message.

Seven times larger than the real thing and mounted on pillars in the arena lobby, the giant puck offers plenty of room for your company logo and contact information.

**Limited time special: Purchase a 3D Puck
and we will pay for the design and installation fees!**

For more information or to book a tour of our facilities, please contact: Ann Hunt
